

COLOMEADOW FARM'S
ACADIA NAPOLEON 66th
MEMORIAL
SALE

AT THE FARM BYERS, COLORADO
NOVEMBER 11, 1968

ACADIA
NAPOLEON
66th AAA

SIRE OF MORE
THAN 100 MAJOR
CHAMPIONS

Acadia Napoleon 66th, AAA, enjoying the winter at Colomeadow Farms, owned by John F. Shuman & Sons, Deertrail and Byers, Colo. In the background we see part of the impressive Shuman cow herd. The 66th is owned jointly with Cyrus Eaton's Acadia Farms, Northfield, Ohio, and M.A. Rambo, Temple, Texas.

Welcome

to

Colomeadow

This year's sale has special significance for all of us at Colomeadow. It is a "memorial" sale to one of the breed's great sires Acadia Napoleon 66th....a bull whose progeny were in the championship circle at major fairs and sales consistently.

We have gone all out to make this the highest quality sale offering in our history. In fact, we are selling a number of heifers that we would not ordinarily consider parting with in order to make this a stellar offering.

Although he is gone, the saga of the "66th" has just begun. His contribution to the breed grows with each passing year as more and more of his sons and daughters come into production. Testimonials from our customers confirm the improvement ability of his progeny.

We hope you will be our guests November 10th and 11th for our annual Colomeadow Sale. We think you will be impressed.

INFORMATION

SALE TIME

12:30 P.M. (M.S.T.)

AUCTIONEER

Dick Kane, Wisner, Nebraska.

LOCATION

At Colomeadow Farms, Inc., one-half mile West of Byers, Colo. (See Map below.)

TELEPHONE

Call Byers, Colo., Area 303 822-5300.

LUNCH

Will be available on sale day. Lunch time is 11:30 (M.S.T.)

HEADQUARTERS

Please **MAKE YOUR RESERVATIONS DIRECT**: Mark them "Shuman Shorthorn Sale. If you come by plane, avail yourself of Limousine Service. Or if coming from the East we recommend the Longhorn Motel at the intersection of Interstate 70 and Highway 36 at Byers. This is a brand new motel with fine dining room facilities. Other motels - on Highway 40, the Safari Motel or Midwest Hotel, Limon, Colo., the Trail Motel, Deer Trail, Colo. or if coming from the East on Highway 36, the Cabin Creek Motel, 9 miles north of Deer Trail. Or if coming from the west the Double E Motel at Strasburg, Colo. Or if you prefer to stay in Byers, the Pleasant Manor Motel.

THE SHUMAN GUARANTEE

Every animal in this catalog is honestly described and accurately illustrated. Each purchase you make must live up to everything we have promised for it and it must give you the service you have a right to expect.

If any animal purchased from Colomeadow does not meet these standards, you may return it. According to your instructions, we will refund your money (or credit your account), including any transportation charges you have paid, or will replace the purchase or do anything we can to make **YOU** a satisfied customer.

DELIVERY

COLOMEADOW IS AGREEABLE TO KEEP ALL SALE CATTLE A REASONABLE TIME AND TO ASSIST IN KEEPING DELIVERY COSTS AT THE LEAST POSSIBLE EXPENSE TO THE BUYER. INSURANCE FROM DATE OF SALE IS THE RESPONSIBILITY OF THE BUYER AND WILL BE AVAILABLE AT THE SALE.

TRANSPORTATION

We will be pleased to assist in transportation--please advise us in advance so you will not be inconvenienced.

TERMS

CASH: All settlements must be made with clerk before cattle are moved from the farm.

HEALTH

Official vaccination for Bangs disease has been practiced in the John F. Shuman and Sons' herd. T.B. and Bangs tests will be furnished on every animal sold and official vaccination certificates with all females under 30 months of age. Every lot will comply with the health regulations of any state.

GUARANTEE

All cattle will be sold under the Standard Guarantee recommended by the American Shorthorn Association printed elsewhere in this catalog. Shipment will be made as soon as possible. Cattle are at the buyer's risk as soon as sold, but every care will be given until shipment is made. To avoid confusion, hand shipping instructions to clerk along with accurate information as to whom the pedigree is to be transferred.

LIABILITY

The guarantee will constitute a contract between the buyer and seller of each lot. Although every

precaution will be exercised to protect the safety and comfort of those attending, neither the owners of the cattle selling nor any of their representatives, nor auctioneers, clerks or any other affiliated personnel can assume any liability for accidents.

COME EARLY TO SEE

THE CATTLE

Come anytime, of course, especially so, early on Sunday, November 10. There will be informed personnel at the Byer's farm to show and talk about the cattle selling. There's a modern, new restaurant--The Longhorn--Byers and we know your party would enjoy Sunday dinner there.

AND THE COW HERD, TOO!

The cow herd is maintained on native grass at the Deer Trail unit. Stop there on your way to the sale (1 mile West and 4 miles South of Deer Trail) or make it a part of your Sunday schedule. You will want to see Dams of sale cattle and verify our oft-stated belief that cow herds should be uniform, have size and be practically-maintained!

Welcoming Shorthorn breeders and friends to Colomeadow are left to right: Mr. and Mrs. (Judy) Connie Bob Shuman, John and Bonnie Shuman, Mr. and Mrs. (Mary Ann) Ronnie Shuman.

We Cordially Invite You
To Our
Informal Social Hour

AT THE HOME OF

John & Bonnie Shuman

At the Byers farm unit

BYERS, COLO.

4 to 6 p. m.

SUNDAY, NOV. 10, 1968

Come as you are

The boys that make the wheels go round at Colomeadow are, left to right: Connie Bob Shuman, Ronnie Shuman, Gilbert Hurtado, herdsman Jerry Sweeney and a long-time Shuman "right-arm" Pete Hurtado.

COLOMEADOW....THE HERD THAT HAS TAKEN THE LEAD IN SONOSCOPYING, PRODUCTION TESTING, CLASSIFICATION, SHOWING AND CUSTOMER SATISFACTION.

Bid by Phone to the Auctioneer

For the first time in Shorthorn history, absentee buyers can do their own bidding by phone. If you are interested in placing bids on an animal, or animals, just let us know which ones. At our cost we will call you right before the animal enters the ring. You can listen to the bidding and place your own bids, through a ringman, to the auctioneer. We have installed three phones on the auction block for this purpose. Those numbers are AC 303 822-5300, 822-5505 or 832-5405.

I have been servicing Shuman Shorthorns for over 15 years and can verify that the health of this herd is excellent. Good management and preventive medicine come first. All animals offered will be Bang's tested or vaccinated and T. B. tested. Interstate health charts will be furnished and this sale offering will be eligible to travel anywhere.

S. F. Hanks, D.V.M.
Strasburg, Colorado.

Jay Tracy with his home-raised steer that was interbreed grand champion at the 1968 Boulder County Fair. He weighed 990 lbs. and sold for \$1.05 a lb. He was sired by Keystone Ambassador and out of a Shuman-bred cow.

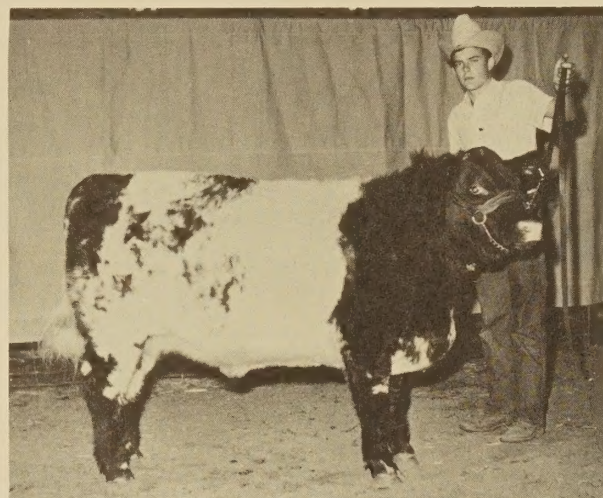

Three Shuman-bred steers. The center sheer was reserve interbreed grand champion at the Arizona National, Phoenix.

Below are a few of the cars that annually pack the Colomeadow yards on sale day.

ASTUTE SHORTHORN
B R E E D E R S . .
..REGISTERED AND
COMMERCIAL....COME
TO COLOMEADOW FOR
THEIR IMPROVING
SEED STOCK.

WHAT ABOUT TYPE!

Economics (the cost-price squeeze) and another breed of cattle that is being promoted to high heaven has brought about much confusion as to the kind of cattle we should be raising.

Since type has become so controversial the past year or two, I feel it appropriate to express my views on the subject.

I believe we should get our Shorthorns as big as possible up to the point that they are the most efficient feed converters. I am confident the next change will be to the type of animal that will produce the greatest gains in relation to cost.

I believe the cow of the future will be the one that raises the most pounds of beef according to the amount of feed it takes to maintain her per year. So far what experiments have been made definitely prove that the biggest cow is not the most

economical. In plain language, we cattle people understand, very well, she won't make as much money.

At Colomeadow we have no intention of disposing of any cows that weigh 1,100 pounds if they bring us a 500 or 600 pound calf every year.

I do believe a lot of good will come from the re-evaluation of the beef cattle business and the different approach in the show ring. Namely discrimination against overly fat cattle, which is expensive and detrimental to a long, normal life.

We need to accept a little more leg and length in the younger classes while they are in their growing stage.

I hope we do not go too far and end up with a bunch of "Meatless Wonders" with no muscle and no ability to convert feed.

John Shuman

COME TO COLOMEADOW....

I can honestly say that I have never been so enthused over a sale offering as this one. We have tried to indicate in our picture presentation the quality that will be offered. Actually, the written material and illustrations can not do justice to this offering.

The production statistics, sonoscope scores and just down-right eye appeal of this offering makes it one of the breed's greatest single consignments. We don't mean to imply that every cataloged individual is a great one but we do imply that you are **GOING TO BE IMPRESSED** when you see these sale cattle.

If you are in the market for a herd bull, you owe it to yourself to appraise the ones offered in this sale, especially the great young sons of Remitall Banner. This bull could write breed history since he will work on the daughters of some of the most successful sires of our breed.

Come to Colomeadow and see for yourself. You'll see why I am so enthused.

BILL STUNKEL
Sale Manager

A group of former sale bulls at Colomeadow. This year's offering is the best in Colomeadow's history.

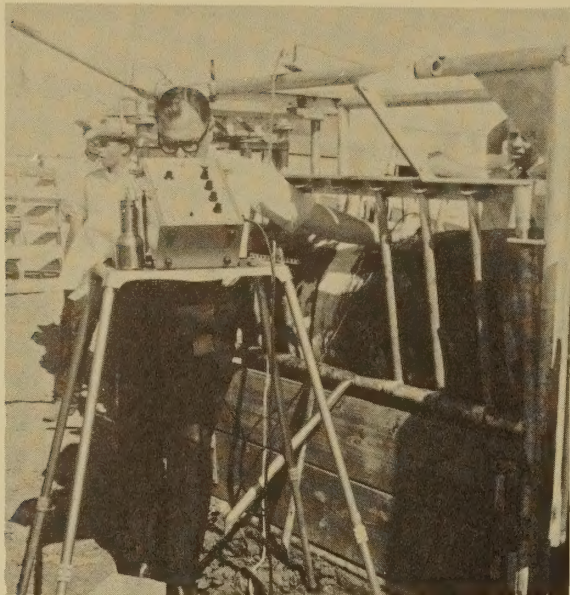

John and Bonnie Shuman with Pat and Dave Lorenz, of KC Shorthorn Farms, Kansas City. Pat is handing Bonnie the KC Challenge Cup emblematic of the winning junior get of sire at the 1967 National Western.

Pete Hurtado, a member of the Colomeadow staff for 30 years, talks with a group of Australian visitors.

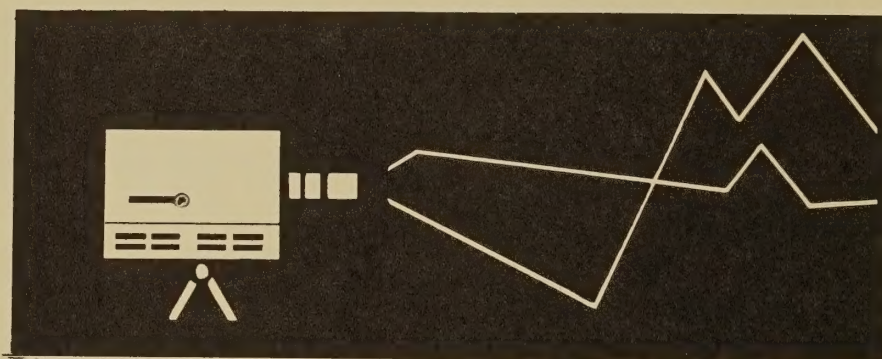

These heifers look good don't they? Well they sold in a previous sale. But this year's female offering will surpass this group for quality.

At left we see Dr. R. H. White demonstrating sonoscopy during the 'Pattern For Progress' Conference at Colomeadow Farms last June.

FOR THE SECOND STRAIGHT YEAR, ALL SERVICEABLE AGE COLOMEADOW SALE BULLS WILL SELL WITH SONOSCOPE SCORES.

American Shorthorn Association
Board of Directors

Gentlemen:

Since Dr. Harold White, Park Forest, Illinois, will be working for us at some of the major shows this fall and winter, I thought the following information might be of interest to you. He measured eighty head of steers in the P-V lot at Laurel, Montana last month. Nine head of the eighty were slaughtered by Byron Geissler, Montana State University Meats Instructor, and the actual rib-eye was measured. Herewith are the averages by comparison of the nine head:

Sonoray Sq. In.	Actual Sq. In.	% Accuracy
14.7	14.5	98.7%
12.86	13.32	96.6
12.08	11.84	98.0
12.02	11.38	94.4
11.65	13.13	88.7
11.65	9.87	84.7
11.27	11.84	95.1
10.92	10.46	95.8
10.18	8.68	85.3

This averaged 93% accuracy.

Sincerely yours,

Ted

Ted L. Aegerter
Assistant Secretary.

The letter at left indicates the accuracy of Dr. White's sonoscope results. The Shorthorn breed needs to find its best muscled lines and propagate them. We feel we have bulls in this sale that can do much to help our breed up the ladder to greater carcass success.

Pictured at right is Colomeadow Sting Ray, the first Shorthorn bull to be certified by Performance Registry International as a Certified Meat Sire. This 1964 Western Shorthorn Ass'n. record seller at \$5,600 sold to Dale Petty, Eldora, Iowa. With only 13 of his calves to select from, they surpassed P.R.I. standards as to rib eye, minimum fat thickness and carcass weight per day of age.

SOUND

THE SONOSCOPE SCORES

ON OUR HERD SIRES!

P.R.I. CERTIFIED

In addition to Colomeadow Sting Ray's achievements as a Certified Meat Sire, another Colomeadow-bred sire has achieved glory

Colomeadow Silver Star, used successfully by Peg and Arch Allen, Livingston, Mont., and now owned by Harry Maughan, Ronan, Mont., is the only Shorthorn bull to qualify for Progeny Registry in P.R.I. His calves averaged 519 lbs. at 205 days of age. His progeny have either been champions, or won the get award at Bozeman every year since 1965.

	Actual fat thickness in inches	Unadjusted fat thickness per 100 lbs. of carcass in inches	Actual ribeye area in square inches	Adjusted ribeye area in square inches	Adjusted ribeye area per 100 lbs. of carcass in in- ches
Acadia Napoleon 66	.36	.036	19.81	14.06	2.34
Remitall Banner	.48	.061	14.28	14.46	1.91
Colomeadow Control	.50	.049	18.83	12.77	2.13
Louada Peerless	.36	.036	19.04	13.53	2.26
Colomeadow Gem Dandy	.25	.034	15.50	13.36	2.23

1. Ribeye area (cross-section of Longissimus dorsi muscle at 13th rib) adjusted to 1000 pounds live weight equivalent.
2. Assuming a 600 pound carcass from a 1000 pound live animal. An excellent ribeye reading is 2.00 square inches or greater per 100 pounds of carcass weight.
3. Fat thickness is measured over the ribeye muscle at the 13th rib at a point of 4 inches off the centerline of the body.

ACADIA NAPOLEON 66th...

Sire of over 100 champions, including a champion at every major show in the United States. Over \$75,000 worth of his progeny have been sold.

ACADIA NAPOLEON 66TH - A "AAA" bull and sire of numerous champions.

ACADIA NAPOLEON 66TH - Unfortunately we lost this great "AAA" bull in a snowstorm last spring. His mark in the Colomeadow herd has been tremendous. Over 100 championships have been won by his sons and daughters including a grand champion at every major show in the United States. The table below shows the average of his sons and daughters in the last four Colomeadow sales. Fifty-seven head have returned a total of \$63,090. Not bad for an investment of \$2,500 for a two-thirds interest. Yes, that is what we paid for the "66th" at the 1962 International where he had been reserve sale champion for Acadia Farms. He was made All-American summer yearling that show season. His dam is a half sister to the great International interbreed grand champion, PS Troubadour. We could write reams about this bull. This sale will be the last chance to buy "66th" sons and daughters in volume. We did have a supply of semen that we have used but you can be sure that we will never again offer his daughters in volume. Only because this is a memorial sale to the "66th" have we agreed to part with 11 daughters in the sale. Fifteen sons also sell and they could include several of his best.

A FEW OF THE "66th" WINNING PROGENY!

Acadia Napoleon 200th. This son of Acadia Napoleon 66th was junior and grand champion at the 1966 International Livestock Exposition. Posing with this winner are John Shuman, Betty Royon, Buddy Rambo, and Truman Kingsley.

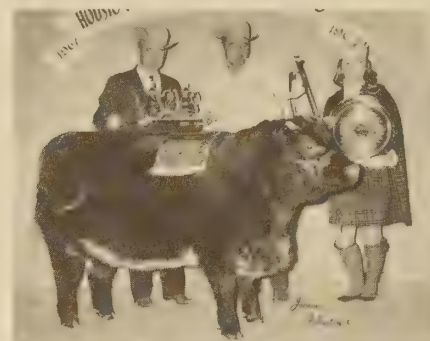

A winning senior get by Acadia Napoleon 66th. This one was first at the 1966 Colorado, Wyoming and Tulsa state fairs, the State Fair of Texas and the 1966 National Western.

Colomeadow Coliche, grand champion at the 1967 Colorado and Wyoming State Fairs and American Royal as well as the reserve champion at the 1968 Ft. Worth exposition.

Colomeadow Gem Dandy, grand champion bull at the 1967 National Western for Chuck-O-Luck Farms and Colomeadow.

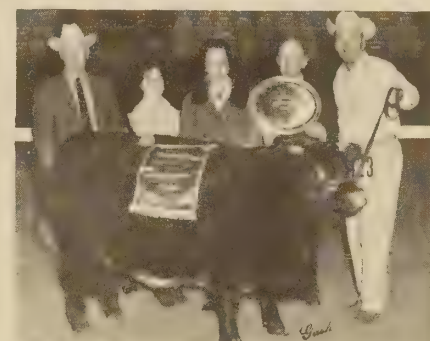

Colomeadow Missie 22d, grand champion at the 1967 Houston and Dixie National shows.

Colomeadow Pride of 66th, champion and record seller at the 1966 National Western Sale where two-thirds interest sold for \$6,500 to Buddy Rambo, Rosebud, Texas.

Two sons of Acadia Napoleon 66th that were the winning two bulls at the 1966 Dixie National.

Colomeadow Rothses Queen 7th, 1966 senior champion at Denver and grand champion at the Dixie National.

THESE ARE JUST A FEW OF THE MORE THAN 100 CHAMPIONS SIRED BY ACADIA NAPOLEON 66TH.

Remitall Banner shown winning the 1967 Canadian International Sale championship.

THE FIRST BANNER CALVES SELL IN THIS SALE

All who have seen our Remitall Banner calves agree that they are probably the best ever dropped at Colomeadow. Due to pressure from our customers we are offering three sons and two daughters....all calves....in this sale.

REMITALL BANNER - This could be the best breeding bull to ever be used at Colomeadow. That's saying a lot considering the success of bulls like Ringwell Lodestar 2d, Acadia Napoleon 66th, Colomeadow Control and Louada Peerless. But his calves are the best ever dropped here. Banner was the 1967 Canadian International Bull Sale champion where we purchased him in partnership with Davison Ranch for \$8,000. Ruby Constance was the reserve champion at the 1959 Toronto Royal, Montana State Fair and reserve champion at the 1963 Calgary National Show. She has a lot of size, thickness and substance and has passed this on to Banner. Last but not least, Banner is by the great Kelburn Great Event, used successfully at KC Farms, Kansas City, Missouri.

Remitall Banner as he looked as a yearling. Note the heavy bone, size and ruggedness. He is imparting those qualities to his progeny.

COLOMEADOW TROJAN - Full brother to Colomeadow Triadic that topped our 1967 sale for \$3,000 going to Anderson Farms, Inc., Encampment, Wyoming. Trojan had the heaviest adjusted weaning weight we have ever had...a tremendous 803 lbs. according to the Colorado Beef Cattle Improvement Ass'n. records. Adjusted ribeye measurement of 2.22 sq. in. per 100 lbs. of carcass weight. **WE WANT TO RESERVE SHOW RIGHTS THROUGH THE WINTER SHOWS.** Remember, too, that the Minerva cow family produced \$11,200 worth of bulls in our 1966 sale. The Minervas have produced the \$5,700 National Western Grand Champion Colomeadow Gem Dandy which we own in partnership with Chuck-O-Luck Farms, Boulder; the \$2,500 Colomeadow Peerless 2d owned by Dick Heckendorf, Kersey; the \$1,675 Colomeadow Control 7th, owned by Dale Gilmore, Throckmorton, Texas; and the \$1,325 Colomeadow Ultimate owned by Gordon Schuppe, Iliff. Colomeadow Select, selling in this sale as Lot 8, and Colomeadow Damascus, selling as Lot 2, are also products of this same cow family. Lot 20 in this sale is also out of Colomeadow Minerva 6th.

COLOMEADOW TROJAN - Selling as Lot 1. Note the great weaning weight of this prospect.

COLOMEADOW DAMASCUS - Lot 2 - Closely related to Lot 1. A bull with many great ancestors in his background which should insure his breeding ability.

COLOMEADOW DAMASCUS - From the Minerva Family that has produced two Denver grand champions for us. The footnote on Lot 1, Colomeadow Trojan, lists the many top bulls that have come from this family. Minerva Starlet was a full sister to Colomeadow Bellringer, 1959 Denver reserve champion, and the dam of Colomeadow Gem Dandy, 1967 Denver grand champion and junior herd sire for us and Chuck-O-Luck. Damascus had a 711 lb. weaning weight and a 1.93 sq. in. loin eye.

COLOMEADOW ZENITH - A very correct calf and from the Augusta cow family that produced the only Shorthorn Certified Meat Sire, Colomeadow Sting Ray, Colomeadow Augusta 9th being his dam. Sting Ray was a record-seller at the Western Shorthorn Ass'n. Sale being purchased by Dale Petty, Eldora, Iowa. This Augusta family also produced Colomeadow Good News that sold in last year's sale for \$1,000 to Bill Lewis and Leslie Gloden, Jr., Guymon, Oklahoma. The dam of Zenith also produced Colomeadow Polara, sold in our 1966 sale to Miles Austin & Son, Severy, Kansas. Zenith had a weaning weight of 567 lbs. at 210 days.

COLOMEADOW ZENITH - Lot 4 - Closely Related to The Certified Meat Sire, Colomeadow Sting Ray.

COLOMEADOW ARAGON - A good prospect with the breeding to back him up. The Germanicas have been a top producing family for us. Harold Bilsland & Sons, Wood River, Nebraska, bought a full sister in our 1966 sale as a calf for \$850. Dr. C. E. Harlan, Ava, Missouri, bought another Germanica in the same sale for \$735. Leon Hoyt, Brewster, Kansas, bought Colomeadow Control 5th, out of Colomeadow Germanica, for \$1,500 in the 1966 Ak-Sar-Ben Sale. Aragon has an excellent 1.80 sq. in. rib eye for 100 lbs. of carcass weight and a 575 lb. weaning weight.

COLOMEADOW ARAGON - Lot 5

Two members of Colomeadow's champion pen-of-three bulls at the National Western in 1967. Ron Shuman, right, prods a bull into show position as Fred Pollock and Dick Heckendorf look on in the background. **BUY YOUR BULLS WHERE CHAMPIONS ARE A HABIT NOT A ONCE-IN-AWHILE OCCURENCE.**

COLOMEADOW SELECT - Truly a chip off of the old block. He is probably the closest thing to the immortal '66th' that we have raised. His dam comes from our favorite Minerva cow family. This is her first calf and she did a good job of raising him. He has a 2.08 in. adjusted rib eye for 100 lbs. of carcass weight. His 200 day weaning weight was 585 lbs. Remember, too, Minerva Starlet was a full sister to the 1959 Denver reserve champion, Colomeadow Bellringer. A review of Colomeadow Trojan's footnote, Lot 1, will list some of the top bulls which were produced by our Minervas. We forgot to mention Colomeadow Maxim, another Minerva Starlet son, that sold in our 1964 sale to Winkler Cattle Co., Castle Rock. One of the few Minerva females we have sold was offered in our 1966 sale selling to Davison Shorthorn Ranch, Elizabeth, Colorado for \$1,200.

COLOMEADOW SELECT - Lot 8 - Another member of the great Minerva family that produced \$11,200 worth of bulls in our 1966 Sale.

This group of good-headed, rugged, sound bulls sell in this sale. Left to right: Colomeadow Forecast, Lot 9; Colomeadow New Model, Lot 6; Colomeadow Select, Lot 8; Colomeadow Dimension, Lot 10, and Colomeadow Roan Robin, Lot 7.

COLOMEADOW DIMENSION - Since Colorado Control was out of commission last summer, he was used very little. This is the only son to sell in this sale. Ringwell Star Blazer was one of Lodestar's best breeding sons. I doubt that Willard Hartley would part with any of his daughters. We think this will make a great mature bull. Sonoscoped 1.78 sq. in. rib eye per 100 lbs. of carcass weight. Weaning weight 420 lbs. at 200 days. The Missie family produced the \$2,000 Colomeadow Right Type used by Oscar and Hazel Landaker, Woodrow, Colorado; Colomeadow Control Jr., sold in our 1965 sale for \$1,025 to Kuhrt Farms, Edson, Kansas, Colomeadow Missie 22d, sold in our 1966 sale for \$1,200 to David Hartman, Pueblo, Colorado; Colomeadow Missie 21st, sold in our 1964 sale for \$500 to Davison Ranch, Elizabeth, Colorado.

Kenny Dalton with his 1959 Denver champion Shorthorn and interbreed reserve grand champion. The grandam of Lot 11 was the dam of this winner.

COLOMEADOW KING COMET - There was a misunderstanding on the bid on this calf in last year's sale so we took him back and are glad we did. Ringwell Augusta Donna, his dam, sells in this sale as Lot 56. She has done remarkably well having a good bull calf by Remital Banner this year that we believe you will hear more about. A maternal brother to King Comet, Colomeadow Star Dust, sold as a calf in our 1966 sale for \$550 to James and Larry Wright, Okeene, Oklahoma. Ribeye measurement of King Comet is 2.07 sq. in. per 100 lbs. of carcass weight and he had a weaning weight of 659 lbs.

COLOMEADOW NAPOLEON TOO - From the Bellevue Broadhooks that produced the All American Colomeadow Broadhooks that sold in our 1964 sale for \$1,350 to Davison Ranch. He has gained 2.1 lbs. per day during the hot summer months on grass and oats. Had a weaning weight of 659 lbs. and a very impressive rib eye measurement of 2.34 sq. in. per 100 lbs. of carcass weight. Bellevue Broadhooks also produced Colomeadow Triple Threat used successfully by Don Hockersmith, Oakley, Kansas.

Another view of Colomeadow bulls being developed for commercial and range trade. Colomeadow always offers a number of quality range bulls in these annual sales for their commercial customers.

COLOMEADOW BANNER - Every cattleman that has seen the Banner calves have liked them and think they are the right kind. This calf has had numerous friends. Surely our sale would not be complete without offering a few of the Remitall Banner calves. We hate to part with this one. Consequently, we are offering only a one-third semen interest as we want this calf to remain at Colomeadow. We will furnish a reasonable amount of semen free of charge to his buyer. In 1966 we went to \$2,050 to purchase Elmcrest Rosewood Peach 3d, his dam. The purpose was to raise an outcross sire. We think this is it. Peach is one of the few "AAA" cows in the breed. She is an excellent milker. Her 1967 calf, Elmcrest Diadem, sold privately to Terry Horn, Wiggins, Colorado.

Our 1968 Bull Calves

Colomeadow is proud of the 17 bull calves selling in this sale. We believe they are the best group we have offered. That is saying a lot since three bull calves, purchased in former sales, later developed into two National Western grand champions and an American Royal grand champion.

There is a certain amount of risk involved in buying a calf. One can never be sure how any calf will develop. However, by buying calves from a long-time, reputation herd like Colomeadow, where only the best sires have been used and where a high quality cow unit has been maintained, eliminates most of the gamble. Our previous bull calf customers can attest to this.

These annual bull calf offerings give our customers a chance to buy a top herd sire prospect at their price....a much lower figure than would be possible for a mature bull of the same quality and stamp. Furthermore, the customer can develop his bull calf the way that best suits his future use.

See this offering. There could well be a champion in this group **FOR YOU.**

Elmcrest Rosewood Peach 3d, an "AAA" daughter of Leveldale Princeps. She is the dam of Lot 15.

COLOMEADOW NOVELIST

LOT 17

Retaining show and semen rights.

COLOMEADOW NOVELIST - A calf selling only because our customers have asked us for the right to bid on several Banner sons. Of the three Banner calves selling this one would win at this writing. His dam, Fancy Meadow Flower is "over the hill" now but she was grand champion female at Sioux City in 1955 for Held Bros. and was sure enough a good female. She produced the champion sale heifer in Denver in 1961; a champion steer at Phoenix; Colomeadow Flower 4th that sold in our 1966 sale for \$625 to Eller & Eller, Greensburg, Kansas; Colomeadow Flower 2d, that sold in our 1964 sale for \$610 to Don Milliken, Elbert, Colorado. We are retaining show rights through the winter shows and wish to reserve semen rights.

COLOMEADOW COSMEA - Another heifer we should be keeping. She stood up well at all the 1967 shows.

"THE BEST BULL I EVER USED"

READ WHAT SOME OF OUR
GOOD CUSTOMERS HAVE TO
SAY ABOUT THEIR
COLOMEADOW PURCHASES.
SUCH SATISFIED CUSTOMERS
ARE OUR GREATEST
ADVERTISEMENT.

Some typical, quality Shorthorn feeder calves at Gil Abbott's, Kiowa, Colo. The Abbott calves have won numerous champion and selling honors. Abbott is a Colomeadow bull customer.

Dear John:

As you know I purchased Colomeadow Control 11th by Colomeadow Control. He is by far the best bull I have ever used. He is very aggressive and a sure breeder. I like the way he follows and stays with the cows. The first year I used him as a two year old and got 26 calves from 28 cows in 44 days. His calves are very uniform and are the modern kind. Club calf buyers this year have liked them very much. This year I have him with 40 cows and am sure he had them all bred in 60 days.

When I need another bull I plan to buy another of your Colomeadow bulls.

Donald Hockersmith
Oakley, Kansas

Dear Bill:

I purchased Colomeadow Silver Cord in 1965. He is still going strong and his calves must be rated as among the best ever produced here. Having developed into a profit making bull with much bone, scale and a tremendous quarter, it is a pleasure showing Silver Cord to customers and visitors. What more could one ask?

Keith Lauer
Abilene, Kansas

Dear Bill:

You bet those Colomeadow bulls do the Abbotts a lot of good.

They have improved the quality of our replacement heifers and we give the bulls credit for the champion feeder and fat steer champions we have bred in the past.

Gil Abbott
Kiowa, Colorado.

Dear John:

One of the utmost qualities we find in our Colomeadow purchased cattle is their easy fleshing ability. Where we see this most is in Fall when we bring our cattle in from pasture. What we feel is one of our most valuable heifers, purchased in your 1965 sale, was sired by the 66th and was the championship heifer of FFA, Nebraska State Fair and reserve champion heifer at Ak-Sar-Ben. We have 10 head of Colomeadow cattle in our head of 40 which we think speaks for itself.

We will be back again this year because we feel Colomeadow has something to offer the Shorthorn breeder.

Harold Bilsland & Sons
Wood River, Nebraska

Dear John:

Our purchase of Colomeadow Pacifier is the best investment we have made in Shorthorns. His calves are the stretchy, well muscled modern kind the beef industry is wanting. They have won their classes at most of the strong steer and heifer shows in Oklahoma and surrounding States. We have even sold some of his daughters to Junior showmen from Illinois.

You assured us he would be an outstanding sire...and you were right!!

Arnold Ott
Cherokee, Oklahoma

"COLOMEADOW BULLS HAVE GREATER RESALE VALUE"

Colomeadow Snowstorm, champion bull at the 1965 Ak-Sar-Ben National where he sold for \$2,350 to Doug and Nancy Dear, Simms, Mont.

Dear John:

Just a few lines to let you know of our satisfaction with the females we purchased in the Colomeadow sale of 1966. We are especially proud of a Colomeadow Control daughter which shows every indication of being a good producer besides being a big, smooth cow.

The four Acadia Napoleon 66 daughters are doing a good job. They are good milkers, excellent mothers and their offspring always seem to be among the cattle in our showstring. Two of their daughters by Louada Peerless were shown a year ago; one was grand champion female at the Idaho State Fair. One of the bulls by Louada Peerless stood reserve grand champion at the State Fair.

We consider the Colomeadow females a valuable investment in helping build the foundation of our herd here at Chris-Idah.

W. Kent & Christina Christensen
Chris-Idah Shorthorn Farm
Shelley, Idaho

Dear John:

Colomeadow Control 7th is producing excellent calves for Gilmore Shorthorns. We are also very happy with the way our two Shuman heifers, Colomeadow Rothes Queen 7th and Colomeadow Cowslip 9th, have grown out. We are looking forward to Colomeadow's 1968 production sale and we are hoping to get a Banner daughter to add to the herd.

Dale W. Gilmore
Gilmore Shorthorns
Throckmorton, Texas

Dear John:

We have one of the best crops of calves we have ever had out of Colomeadow Showboat. Clipper Maid has a fine heifer calf by Acadia Napoleon 66th.

Elmer Hedges
Fleming, Colorado

Dear John:

The first Acadia Napoleon named bull calf, Colomeadow Napoleon, we purchased was reserve champion of East Texas Shorthorn Sale at eleven months. He did us a lot of good and left us with top grade smooth female calves and some fine young bulls which are easy to sell for purebreeding and crossbreeding.

The female purchased and bred to Control has had good heifer calves and raises a fine calf since her milk supply is excellent. The first calf just calved at twenty-six months and has an excellent roan heifer calf out of the son of Bapton Daily Express.

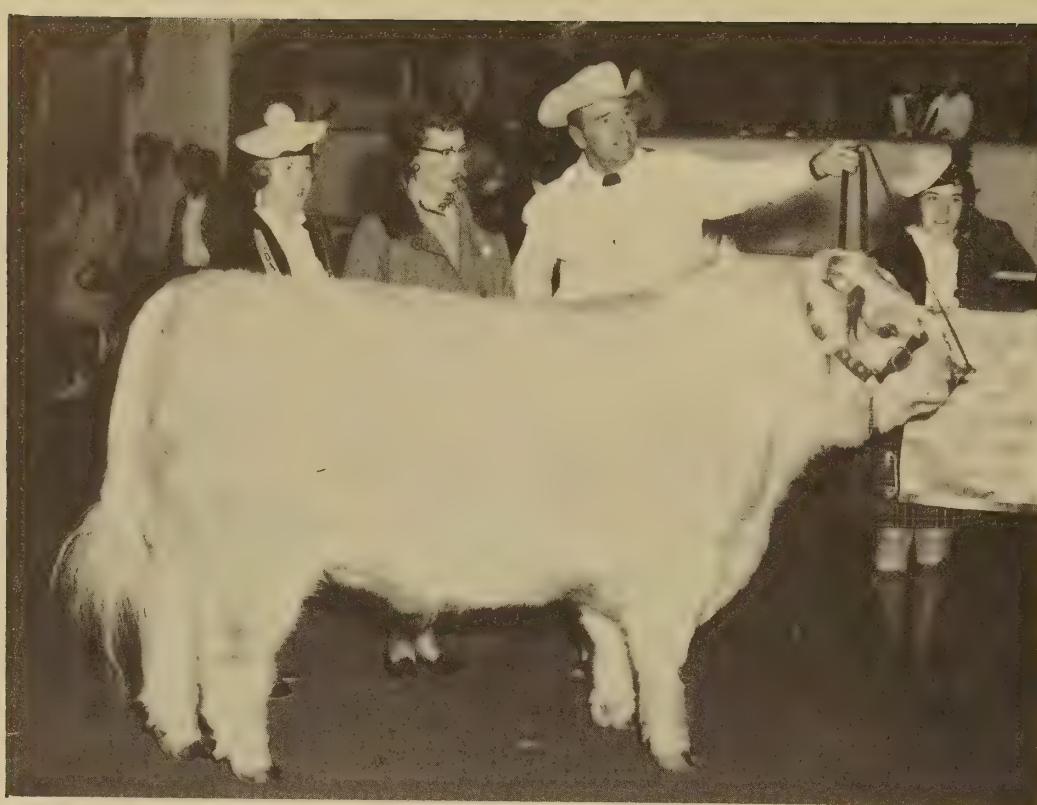

You definitely breed smooth and the right sized producing animals.

Russell Cantwell
Tyler, Texas

Dear Bill:

I am using my third Colomeadow bull, and I have some of the best heifers out of these that I have ever had. In fact, all of my calves are good. When John Shuman tells you he thinks one is good you can bet it is. I am real satisfied with my Colomeadow bulls.

Ralph Hudson
Duke, Oklahoma

"SMOOTH AND RIGHT SIZED"

Colomeadow Mr. Talisman by Acadia Napoleon 66th. He topped our 1965 sale when the Russel Edwards Family, Winchester, Inc., paid \$3,475 for a two-thirds interest.

Dear John:

I wish to tell you this year's crop of calves from Colomeadow Mr. Talisman are even better than last year's. This is making a very good cross on our Romantic and Lodestar heifers.

Russel B. Edwards
Edson Farms
Winchester, Indiana

Dear Bill:

I have been in the Shuman pastures probably a dozen times in mid-summer and also in fall of the year when the grass is short and dry. What I have observed about the Shuman cattle is their ability to maintain eye appealing condition on less grass than most cow herds regardless of what breed. To me it looks like the Colomeadow cattle have that natural fleshing which we should strive to infuse into our breeding program whenever such cattle are offered.

I wouldn't have gone to four figure prices on all my Shuman purchases in past years if I thought they weren't the useful type of cattle for all segments of the beef industry. Above all you are dealing with people that are honest and their sole interest is "Shorthorns".

Ignatius Engel
Grainfield, Kansas

Dear John:

Colomeadow Snow Storm is doing a fine job. DeeDee, our daughter, had the grand champion Shorthorn heifer with a Snow Storm product at the Great Falls junior show. She also won the senior breeding pen in 4-H with her three Shorthorns. This was a tough one to win. Believe there were 17 pens in competition from all over Montana.

Doug & Nancy Dear
Simms, Montana

Dear Bill:

We have used several Colomeadow bulls with success. Currently Colomeadow Harmony is in use. We like the extra length, size, and quality we are getting with Harmony's calves.

Eldon Konkell
Walsh, Colorado

Dear John:

I think Colomeadow Napoleon 7th is a good bull and his calves are proving uniform with good gaining ability.

Fashion Fearless, by your Louada Peerless, is siring great calves too. He is a producer of fast gaining progeny.

Harold Zweiner
Spalding, Nebraska.

"COLOMEADOW CATTLE ARE BETTER MUSCLED"

Colomeadow Pacifier now in service in the Sam and Arnold Ott herd, Cherokee, Okla. Note the great rear quarter on this calf. You get more of the high-priced beef with a Colomeadow bull.

Dear John:

We are proud of our two Colomeadow bred herd sires. The calves sired by Colomeadow Peerless 5th look outstanding and are of the modern type. The Colomeadow Control bull is looking very good and is running with a group of heifers.

Pawnee Shorthorns
Dr. N. W. Kruse
Genoa, Nebraska.

Dear John:

Just a note to remind you again of what I think about Colomeadow Pride of 66 that we bought from you. As you remember Pride was grand champion at Kansas City, Tulsa, and Oklahoma City, Junior Champion at Jackson and senior champion at Dallas. Also champion sale and highest selling bull at Denver. We just weighed him in pasture condition and he weighs 2140 lbs. He has made a tremendous bull.

We brought Pride home from the Texas State Fair at Dallas two years ago as a fat show bull. We put him in the pasture and that winter he bred 60 cows. When we took him out in March he had only lost about 100 pounds.

His calves were undefeated at Houston, Madisonville and The Texas Supreme Shorthorn show at Waco this past Spring. A heifer sired by him was grand champion at these last two shows. At the East Texas Fair at Tyler this year he sired the winning senior get of sire and also sired the grand champion female. At the State Fair of Texas at Dallas he sired both the winning senior and junior gets of sire. Also champion junior bull calf and the senior champion female.

His calves are big and growthy. The kind we all need.

Buddy Rambo
Rambo Ranch
Temple & Rosebud, Texas

Dear John:

Our three Colomeadow bulls have developed very well. They were not over fitted and all were active breeders. Our three Colomeadow bulls have developed very well. They were not over fitted and all were active breeders. Our three Colomeadow bulls have developed very well. They were not over fitted and all were active breeders.

Colomeadow Control 8th which we bought two years ago has some real top-flight calves. I will be showing them at the Northern International Livestock Exposition in Billings this fall and I think they will do real well.

Next year I will have 90 calves, all from Colomeadow bulls, that should be dandies.

Jack Otten
Lewistown, Montana

Dear Bill:

John Shuman & Sons superior type cattle just don't happen every day. They use careful selection and planning to produce the right kind of Shorthorn cattle. We used 13 head of his bulls on 380 Angus cows because they are muscled very well, have good long, wide, backs from shoulder to tail head. They have excellent gainability, producing a carcass well marbled, but without wasty covering and kidney-fat, and they are full in the heart girth, but do not have a wasty dewlap, neck and head.

They are not overly fitted and do well on our rough and rocky pastures and feed out very well at a size most desirable for the modern market.

We have some very outstanding crossbred feeder calves from them for this fall's market.

Bob Rutledge
Cheyenne, Wyoming

Dear John:

I like my Colomeadow bulls. They are good breeders with excellent dispositions and are siring the fast gaining calves with size that are in demand today.

Bill Roohms
St. John, Kansas.

Dave and Pat Lorenz of KC Farms, Kansas City, Mo., are shown with John and Bonnie Shuman at the 1967 National Western with Shumans' first-prize junior get by Acadia Napoleon 66th. This win made Shumans' the proud possessors of the KC Challenge Cup.

Dear John:

Colomeadow Calabash weighs a ton right now in pasture condition. He is an easy fleshing bull, yet he is heavily muscled with a lot of style. Commercial cowmen really like his big growthy sons and we have never had such heavy milking two year old heifers as are his daughters.

We give our Colomeadow bull a lot of credit for putting us in the winners circle and still having big saleable bulls.

At the Tulsa State Fair, a daughter of Colomeadow Calabash was reserve champion heifer in a strong 4-H and FFA Junior heifer show.

Cleades Bedwell
Okeene, Oklahoma.

Dear John:

We were disappointed in Colomeadow Napoleon at first, but as his calves get older and grow in size, they are getting better all the time. We will have some real top calves, possibly the best we have ever had.

J. F. Johnson & Sons
Norwalk, Iowa

Dear John:

Colomeadow Control 5th has developed into a sound, sure breeder that travels well. His progeny are showing good length and overall size.

The Colomeadow guarantee is as sound as your cattle.

Leon E. Hoyt
Brewster, Kansas

Dear John:

We have been infusing Colomeadow bloodlines for nearly a decade. Our 1967 American Royal, interbreed grand champion feeder steers, (a modern day first for the breed at Kansas City), were sired primarily by Colomeadow bulls.

Jim Flanders
Kuhrt Farms
Edson, Kansas

Dear John:

The calves from Colomeadow Master have shown more vigor at birth than any calves I have ever raised. They are up nursing in no time at all.

We have had the champion bulls at the last two Mid-Kansas Fall sales with sons of Master. That is a pretty good testimonial as to their quality and developing ability.

Herman Fischer, Jr.
Seward, Kansas

"Shuman Bulls Have More Natural Fleshing"

A group of Australian visitors are shown inspecting Remitall Banner at Colomeadow early this year.

"THE BEST INVESTMENT WE'VE MADE"

Dear John:

As you know I have used two Colomeadow bulls in succession. They put more muscle and red meat in my herd than any bulls I ever used. Also Colomeadow bulls have a very good resale value. When you have to change bulls someone always wants them. I haven't had to sell one on the market yet.

Winfield Slaven
Coolidge, Kansas

Dear John:

Just a note to tell you we are well pleased with the females we purchased at last year's Colomeadow sale. We are even more satisfied with the in-dam calves, each of which we feel are better than the dam. Bulls we have purchased from Colomeadow are breeding well and we are well satisfied with the calves.

Lindy & Warren Gardner
Bloomington, Nebraska

Dear John:

I am happy to inform you that the two fine heifers I got at your 1967 sale have grown out and are doing fine. I'm very proud and happy with both. One has a three month old bull calf that is outstanding.

Dr. C. E. Harlan
Ava, Missouri

Dear John:

Colomeadow Silver Star is leaving us the best bunch of calves I have ever seen on any farm or ranch. Every one is good. We just weighed six of his bull calves and two of his heifer calves born in February and late January. His bull calves averaged 606 lbs. with the heaviest weaning at 670 lbs. The two heifers weighed 556 lbs. and 588 lbs. I'd call that the profitable kind.

W. H. Maughan
Ronan, Montana

Dear John:

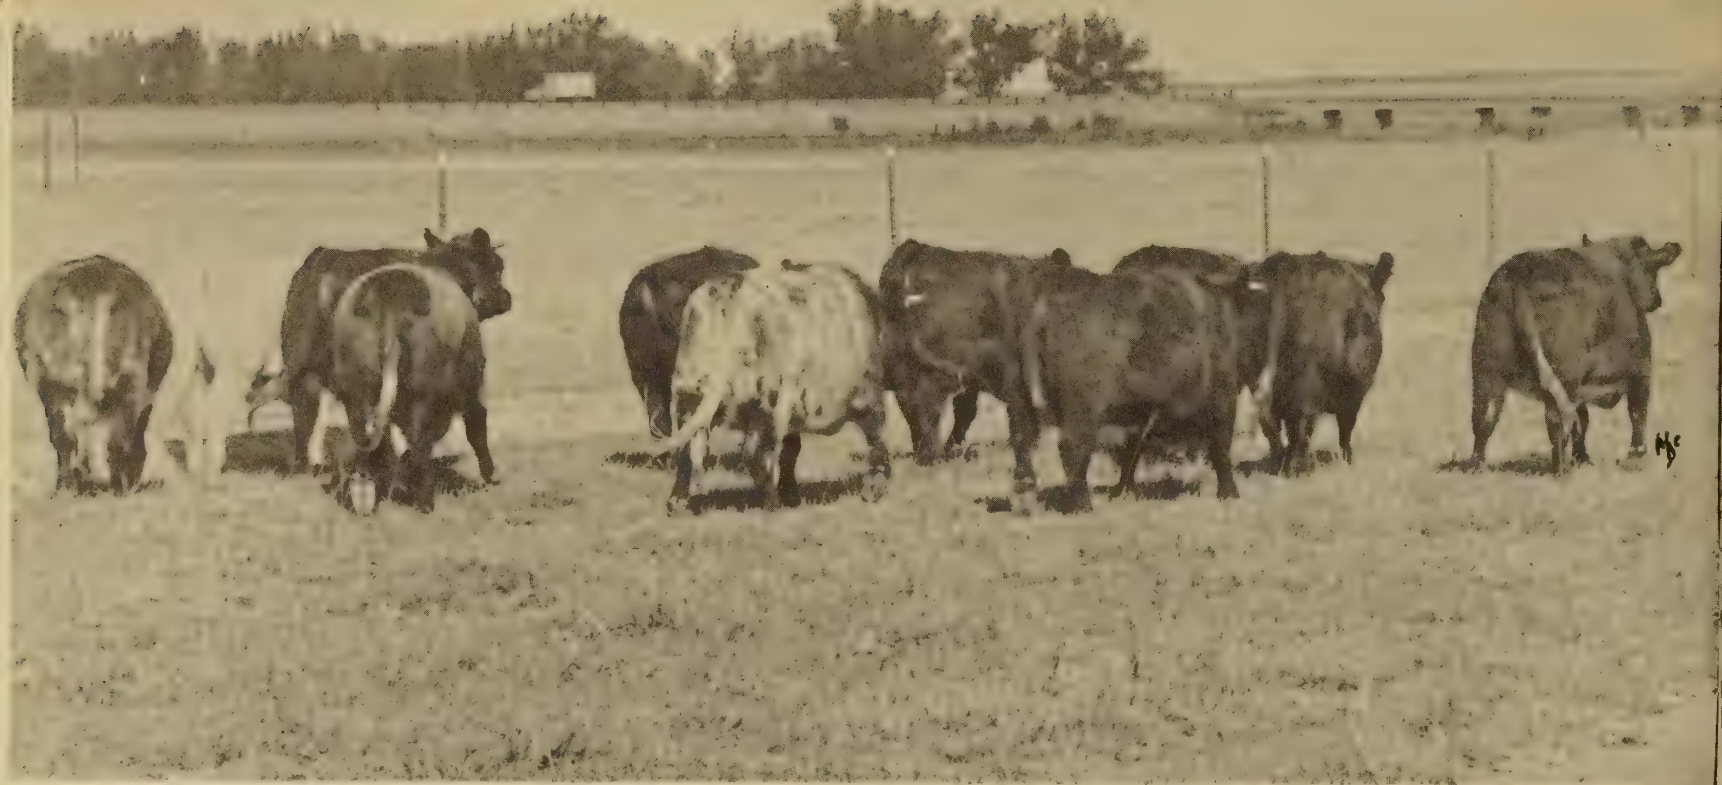

I hope the bad news I heard about Acadia Napoleon 66th is incorrect, but Buck told me that he and several of your cows were lost in a March snowstorm. Our "Colomeadow" bull certainly looks good. I looked him over with Buck at the farm over the weekend. He is long and big.

Larry Hart
Hart Farm
Waxahachie, Texas

Dear John:

The bull calf, Colomeadow Ultimate we purchased in the 1966 Colomeadow sale has grown into a sire with a great quarter and a lot of muscling. In fact his muscling is outstanding. We used him on twelve heifers last year and have twenty-seven females bred to him this year in a 75 day period. His calves have good heads, thick mossy coats, and a lot of style and thickness. We have a July bull calf we think a lot of.

Gordon Schuppe
Hliff, Colorado

Rosewood Beauty 2d
Red, C.F. & Estate of J.K. Noe

COLOMEADOW ROSEWOOD 28TH - Leveldale Restorer was purchased in the 1961 Mathers Sale at the top price of \$3,200. He was by the Scottish Highland supreme champion Uppermill Seafield. Colomeadow Rosewood Sue is an "AA" cow that is one of our cow producing matrons. GE Rosewood Beauty 2d produced Colomeadow Wrangler that sold in our 1967 sale for \$810 to J. M. Simpson, Eustace, Texas.

COLOMEADOW URY MAID 4TH - A full sister to Lot 36 female. Park Lon Maid has been a consistent and regular producer...a good family trait to watch when buying replacement females.

Wouldn't you like to have a cow like one of these as the dam of your herd bull or replacement heifer? Colomeadow cows like these make new friends and influence return customers.

HVF AUGUSTA QUEEN 9TH - This cow has been so good to us we hate to sell her. But we have had many requests for the opportunity to bid on some of our old cows. She needs to get to a good home where she can have good care. She is the dam of a Phoenix reserve grand champion Shorthorn steer and of a Denver junior champion female. Also the dam of Colomeadow Masterpiece that did so well for Oscar Landaker. We have a number of her daughters in our herd. an "AA" cow that sells bred to Colomeadow Control.

Rick Andrews, Granbury, Texas with, Colomeadow Village Girl 4th, daughter of Northwood Village Girl 3d that sells in this sale as Lot 60. This heifer topped our 1965 sale at \$975 and then went on to win a reserve Championship in the junior show at the 1966 Houston Show. She is proof of her dam's producing ability and the results that Colomeadow customers get with their purchases.

COLOMEADOW BELLE 18TH - Has a good heifer calf in this sale. She has been stifled for several years but still raises her calves. Has a red bull calf at foot, born May 30th, by Louada Peerless and will be rebred to Colomeadow Control. Daughters of this cow have sold to Dale Petty, Eldora, Iowa; Kent Christensen, Shelly, Idaho; and Lindy Gardner, Bloomington, Nebraska, for a total of \$1,740.

The great Colomeadow Control. One of the most under rated bulls of the Shorthorn breed. His size, length, ruggedness, heavy bone and thick quarters are characteristics every forward-looking breeder is seeking. A good many females sell in this sale with his service. Lot 67 is a daughter.

COLOMEADOW ORANGE MAID 24TH - A daughter of our show heifer, Colomeadow Orange Maid 4th that produced the \$975 Colomeadow Sentinel that sold in our 1965 sale to Harold Hadden. The Orange Maids were the most prolific family in the Ringwell herd as they have been for us. We have sold \$6,910 worth of Orange Maid females in previous sales to such good herds as Dr. C. E. Harlan, Fernwood, Wm. Campbell & Son, Davison Ranch, Dr. Harvey Holmes, Bill Boysen, Dick Heckendorf, Chuck-O-Luck, Bob Welbourne and Gary Cummings. The list of bulls produced by this family would fill a book.

The white heifer is Colomeadow Talisman 2d and the other Colomeadow Belle 10th. The 2d was 15 times a champion including the 1961 National Western. Lot 75 is a member of this family. Belle 10th is the dam of Lot 76.

COLOMEADOW BUNNY BELLE - Maternal sister to the \$6,000 Colomeadow Fanfair owned by Davison Ranch. Colomeadow Belle 10th was pictured on the cover of The Shorthorn World. A son of the 10th sold last year, Colomeadow Camero, to Dr. Norman Kruse & Sons, Genoa, Nebraska; a son sold in 1967 as a calf, Colomeadow Mustang, for \$900 to James and Larry Wright and a daughter sold in the same sale for \$1,275 to Davison Ranch; a son sold in our 1965 sale to Chan Whitehead. This is the sixth calf of Belle 10th's to sell in the last five years. Certainly Bunny Belle is a show heifer and foundation material. We wish to reserve show rights through the winter shows.

COLOMEADOW VICTORIA 3D - We were talked into offering this very young Banner daughter and we feel sure we will always be sorry. Hickories Victoria 17th was the dam of Ken Dalton's Denver champion steer and she has never produced a bad calf. She is now 17 years of age and this is probably her best calf to date. We wish to reserve show rights through the winter shows.

COLOMEADOW PRINCESS ROMA - One of four heifer calves from the famous Braeside herd. Braeside Underwriter was a ton-plus bull by Braeside Resident, a 2,200 lb. bull according to Louis and Carrol Latimer. These heifers are only second generations away from the great imported Saltoun Herd that has bred so well for Louada, KC and others. McIlrath Bros., Kingman, Kansas purchased a son of Saltoun Princess Roma 17th in the KC Sale for \$2,000.

OUR FEMALE OFFERING

We are proud of our bull offering and equally pleased to present such a strong female consignment. This is the BEST group of females we have ever offered. Included are 10 "AA" cows. Colomeadow females are within the price range of everyone. Look at the following table.

NUMBER OF FEMALES SOLD IN THE FOLLOWING PRICE RANGE AT OUR PREVIOUS SALES

	1967	1966	1965	1964
\$1,000 and over	6	3	0	5
\$900 to \$999	0	2	1	0
\$800 to \$899	3	2	1	3
\$700 to \$799	4	4	2	1
\$600 to \$699	3	7	4	11
\$500 to \$599	16	4	5	14
\$400 to \$499	10	13	12	14
\$399 and less	13	14	13	7

Quality considered, the greatest annual female bargains are in our sales. Especially if you consider that the above prices include cows with valuable calves at foot and the matings to, what we feel, is the strongest herd bull battery in North America.

Standard Guarantee

1. A - Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

B - All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

C - With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to seller.

D - When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

E - In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.

F - All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

G - Certificates of registry and transfer will be furnished with each animal sold. A signed application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.

H - All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

2. SHIPPING ARRANGEMENTS: It is the obligation of the consignors and this association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals are cared for properly.

BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS AND CORRECT TRANSFER INFORMATION WITH THE SALES CLERK.

3. INSURANCE: Coverage may be secured at the time of sale.
